

Blauer Enzian - Mack Rides

ROLLER COASTERS

DETAILS

Blauer Enzian by Mack Rides GmbH & Co

Electric powered roller coaster with a 260-meter track length gives you the controls of the ride: a powered coaster system allows you to set the speed of the ride at any given point of the track. Each car is equipped with a motor driven tire to accelerate the train. Do it in one or two rounds - Blauer Enzian will adapt to the crowds
