

Booster – Fabbri

SEASONAL SALE

DETAILS

Booster from Fabbri available for sale!

Booster combines extreme sensations and spectacular movements, and thanks to its impact dimensions it is visible from far away and attracts visitors to the park. The ride does not require a lot of ground space and has a perfect capacity for any type of park. The ride has two loading/unloading positions: as a consequence, passengers have a nice panoramic view combined with a thrill.

Max height reaches up to 40 meters and it has capacity for 8 people per ride cycle.

More information available upon inquiry.
