Corkscrew - Vekoma

Details

Corkscrew by Vekoma available for sale!

With its towering 22.86 m (75 ft) height and heart-pounding 20.73 m (68 ft) drop, the Corkscrew is a masterclass in thrills. Featuring two inversions that flip riders upside down at 64.37 km/h (40 mph), it delivers a rush like no other.

The ride features a unique design with two trains, each carrying 24 riders in two rows of six cars, ensuring an intense experience every time. Over its lifespan, the ride has been updated and revamped for maximum enjoyment – notably when it was repainted and refurbished in the early 2000s, and again when new Vekoma trains replaced the original Arrow cars in 2009.

Looking for a ride with history, excitement, and unforgettable moments? The Vekoma Corkscrew delivers on all counts, season after season.
